

JOB BENSON

SVP & GM, Radio Business Unit

Job Benson is the SVP & GM Radio Business Unit at Mavenir where he is responsible for P&L, Portfolio Roadmap, Strategy, Design, Development and Test for the Radio Business. Additionally, he leads the joint product development programs between Mavenir and Radio partners. At Mavenir, he launched the OpenBeam® portfolio – the widest portfolio of O-RAN compliant radios covering Micro & Macro RRU and, mmWave & Sub-6Ghz Massive MIMO AAU products.

Job has extensive experience in launching new products to market and evolving the portfolio to improve performance and total cost of ownership. He has worked on several generations of Radio evolutions over the past 20+ years spanning 2G to 5G.
